## DETAILED ACTION

### *Amendment*

1. Receipt is acknowledged of the amendment (after final) filed on May 17, 2005,  
5 which has been entered. In the amendment, previously rejected claims were canceled,  
objected claims 5, 9, 13, and 17 were amended; and claim 20 was newly added. Currently,  
claims 5, 9, 13, 17, and 20 remain for examination.

### *Allowable Subject Matter*

10 2. Claims 5, 9, 13, 17, and 20 are allowed.

3. The following is the Examiner's statement of reasons for allowance: the claims  
are directed an optical reader comprising a plurality of channels. The claims also recite  
the method of scanning objects with a plurality of photodetectors associated with  
15 respective channels. As indicated in previous Office Action, a barcode scanner  
comprising a plurality of channels is generally known in the art. However, the cited  
references, taken alone or in combinations, fail to suggest or teach an optical reader  
comprising a plurality of channels wherein collected information from a plurality of  
channels are provided in alternating sequence, or use of FIFO buffer as set forth in the  
20 claims.

Any comments considered necessary by applicant must be submitted no later than  
the payment of the issue fee and, to avoid processing delays, should preferably  
accompany the issue fee. Such submissions should be clearly labeled "Comments on  
Statement of Reasons for Allowance."
